TRAVEL MAGNETIC BOARD GAME

for 1 to 4 Players
Ages 10 +
30 Min.

As a Puzzle (1 to 4 players)

Arrange all of the pieces into the playing area, leaving no pieces out. No two pieces with the same color may share an edge (meeting at a point is ok). Try to form as many completed Zircles as possible to score. A Zircle is the shape of a circle, but is formed by smaller slices of arc. Place the scoring markers to keep track of your Zircles. Zircles are worth 10 points each!

Game Rules

Setup

All pieces are evenly divided among the players. Each player gets 8 scoring markers of a single color.

Play

Players take turns placing pieces into the area. No two pieces with the same color may share an edge. Players earn points by forming complete Zircles and placing a scoring marker on top. Zircles are worth 10 points each!

If a player forms one (or more) Zircles on his turn then he may take another turn. If a player cannot place a piece, then he forfeits his turn.

The round is over when a player has no pieces left to place in the playing area, or when no player can place any more pieces.

Scoring

Each player determines his score:

Add 10 points for each scoring marker in play and subtract points for each triangle making up any pieces that a player has left over: 1 point (Violet) / 2 points (Beige) / 3 points (Green) / 4 points (Yellow) / 5 points (Blue) / 6 points (Orange)

Players rotate who will go first in any particular round.

Winning the Game

The game is over when one player reaches or exceeds 200 points. For faster games play to 100 points. Or choose any number for victory points to win - up to you! Having a fun time is all that is required!
